In the Claim 13, substitute "said said step" by --said step-- in line 1.

### *Allowable Subject Matter*

4. The following is an Examiner's statement of reasons for allowance:

The following is a statement of reasons for the indication of allowable subject matter:

With respect to claims 1 and 12, the claim limitations of the respective claims 1 and 12 are deemed allowable over the prior art of record as the prior art fails to teach or suggest that a priority of a given active interrupt handling program is alterable whilst said given active interrupt

handling program is started and uncompleted such that a currently executing interrupt handling program does not have a highest priority of said plurality of active interrupt handling programs.

The claims 2 and 11 are dependent claims of the claim 1.

The claims 13 and 20 are dependent claims of the claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
